### !!! HOW TO APPLY !!!

1. Candidates are strongly encouraged to submit an online application at [www.state.tn.us/personnel/tnapp.htm](http://www.state.tn.us/personnel/tnapp.htm) for classifications that have been announced as “open.” Submitting an online application will ensure that the application is evaluated within the open examination period. When the examination for a classification is currently closed, candidates cannot apply for the class via the online application. To check for future examination opening and closing dates, visit our website at [www.state.tn.us/personnel](http://www.state.tn.us/personnel) via the “Examination Announcements” page.
2. File your application as soon as it is completed. If you meet the education and experience requirements for a rated job classification, your application will be evaluated and you will be notified of your examination score. If you meet the education and experience requirements for a tested job classification, you will be notified when and where to report for testing.
3. If you do not meet the minimum qualifications for a job classification, you will receive notification informing you of the reason(s) for your disqualification.
4. The Department of Personnel will accept degrees, coursework, and training completed through any appropriately accredited institution recognized by the Council for Higher Education accreditation. To assure that maximum credit is received for post-secondary education, official transcripts should be submitted along with the application to the Department of Personnel. To receive credit for Continuing Education Units (CEU's) the training must be job-related and approved by the American Council on Education, Office of Educational Credit, or the National Council of the Continuing Education Unit. Applicants graduating or completing coursework from a foreign institution may receive education credit only after submitting a letter of credential evaluation from a regionally accredited school, or a member of the National Association of Credential Evaluation Services. You may access a list of acceptable organizations via the website for the National Association of Credential Evaluation Services (at [www.naces.org/members.htm](http://www.naces.org/members.htm)).

Applicants certified by the Department of Human Services Division of Rehabilitation Services as unable to participate in regular testing may substitute a work test period as the examination alternative. To receive information concerning the work test period or to request other forms of testing assistance or accommodations call (615) 741-0441 or Tennessee Relay Service 711.
